

Clothing and Props

We ask for you to bring up to twice as many outfits allowed for portraits so we can help pick the best ones for your session. Feel free to bring friends, family members and props such as sports equipment, letterman's jacket, football helmet, musical instruments, etc. This personalizes your picture.

Hair and Make-Up

Men with short hair should not get a hair cut within three days of their portrait session.

Women should not try out a new style for their portrait session, but please feel free to do your hair up nice. Ladies should wear make-up, even if you usually don't. Do not wear shimmer eye shadow it can catch the light.

Tips for Slimming

Black or dark colors are slimming. Solid colors are best for portraits. Wearing an outfit that is all the same color will make you appear thinner. Do not wear light colored pants. Wear V neck shirts to draw attention to your face. Do not wear horizontal stripes. High heels will make you appear taller and thinner.

Sleeveless shirts can make your arms seem heavy.
